MEMORANDUM FOR: Deputy Director for Science & Technology

1. General Carter wants to be kept fully and currently informed on the following two subjects:

25X1A6a

a. Activation of the U-2 base at [REDACTED] and developments relating to its achieving operational status.

b. Follow-up details on the results of the U-2 tests aboard the carriers, particularly as they relate to an operational readiness date.

2. I suggest that the Morning Meeting is the best place to cover these subjects, but you may want to provide occasional written reports as well.
